GEF IW Project "Enabling Transboundary Cooperation and Integrated Water Resources Management in the Extended Drin River Basin"

28 May 2013

Objective

To promote joint management of the shared water resources of the extended transboundary Drin River Basin, including coordination mechanisms among the various sub-basin commissions and committees (Lakes Prespa, Ohrid and Shkoder/Skadar).

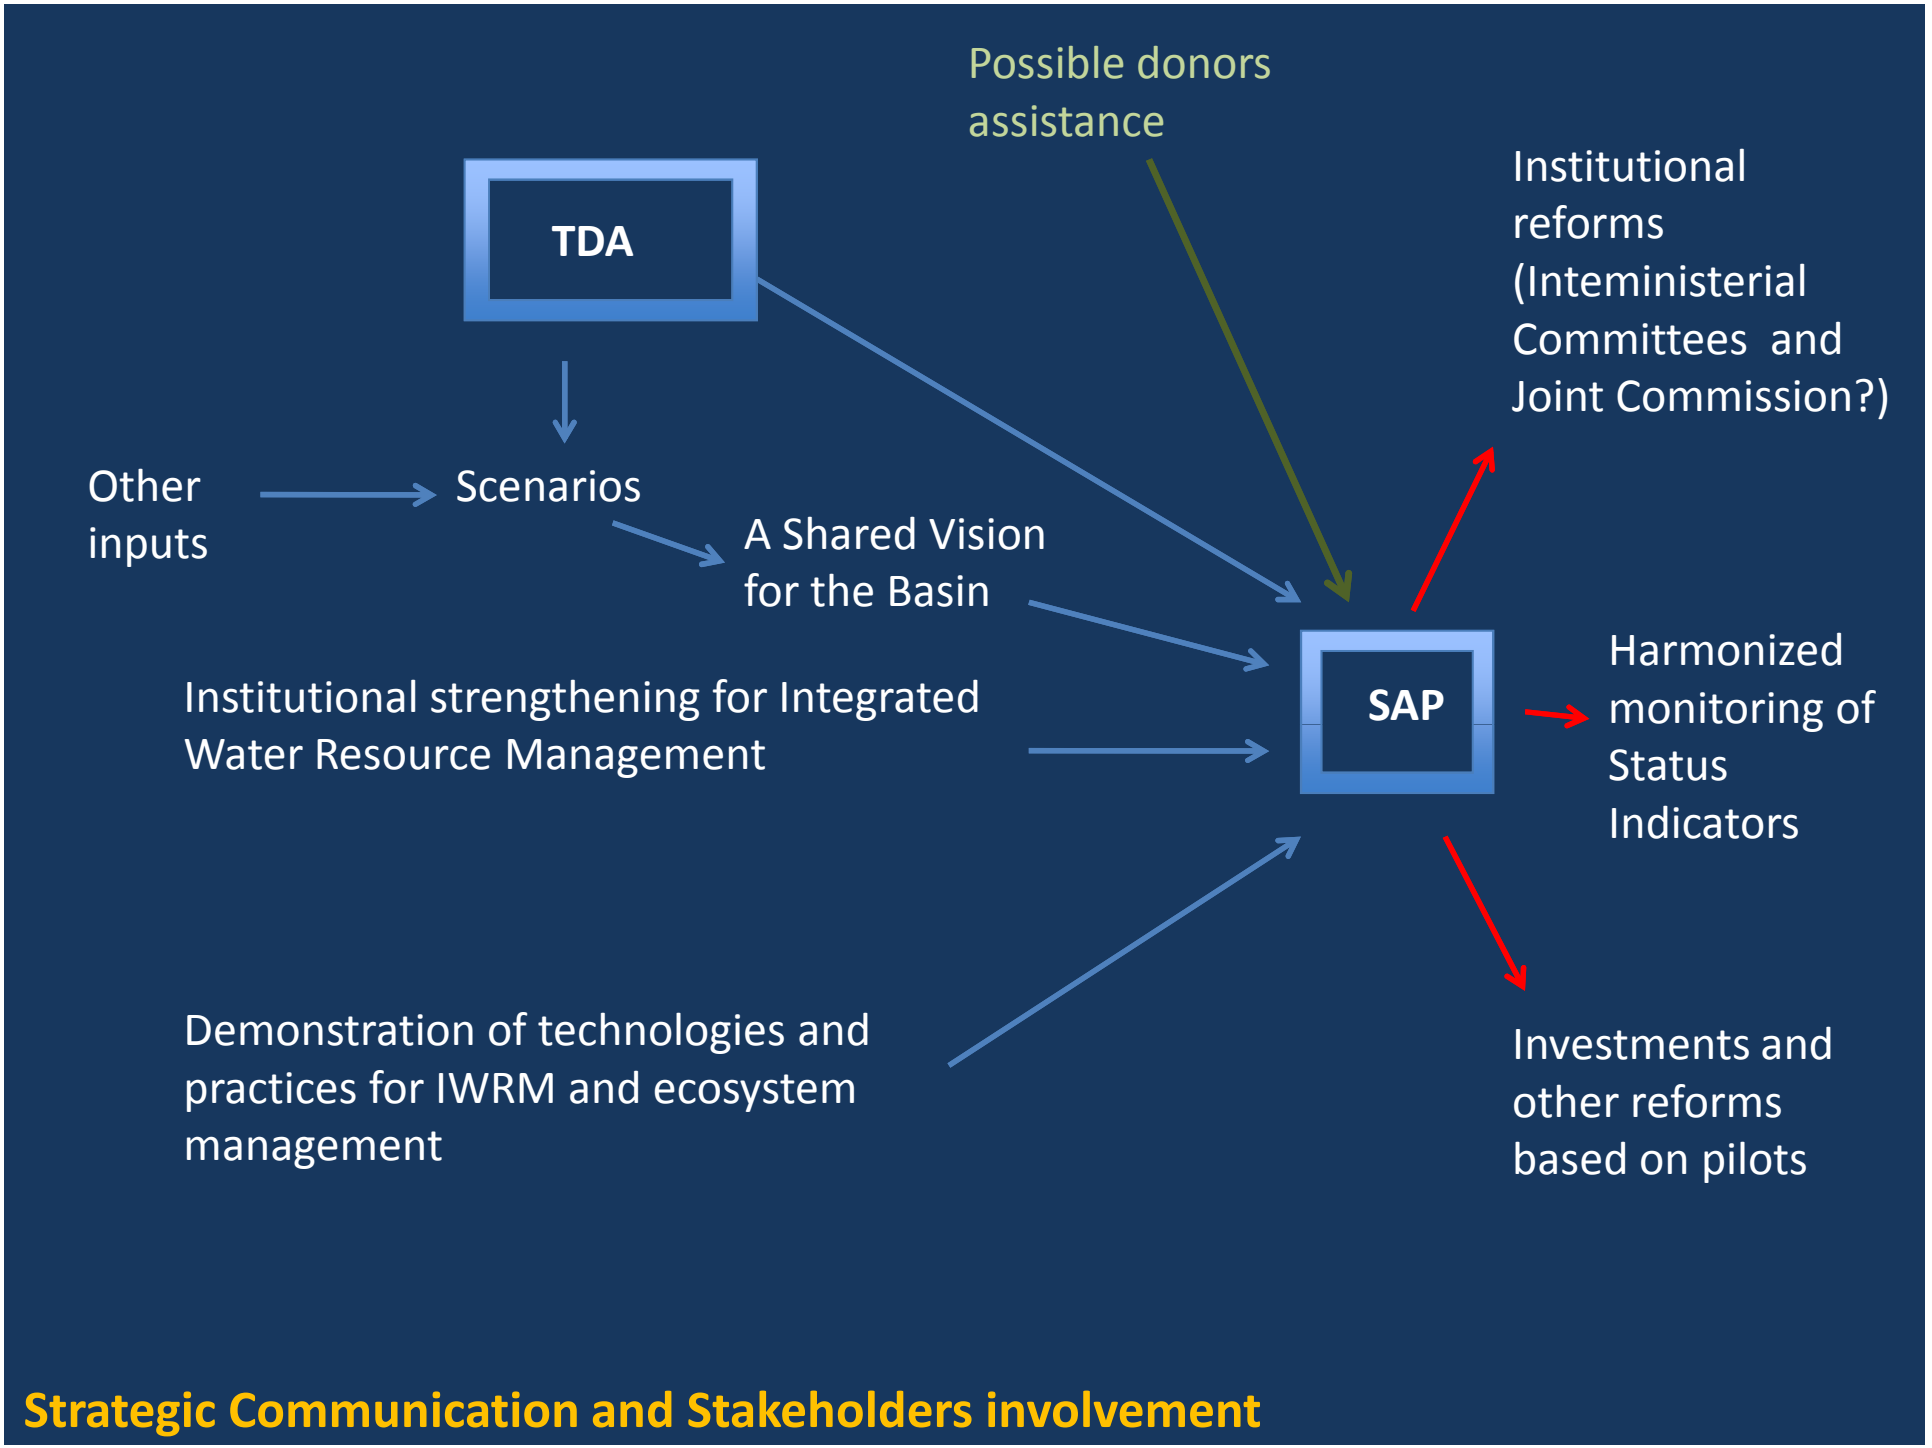

Component 1: Consolidating a common knowledge base

Component 2:
Building the foundation for multi-country cooperation

Component 3:
Institutional strengthening for Integrated River Basin Management (IRBM)

Component 4:
Demonstration of technologies and practices for IWRM and ecosystem management

Component 5:
Stakeholder Involvement, Gender Mainstreaming and Communication Strategies

Possible donors assistance
TDA
Institutional reforms (Inteministerial Committees and Joint Commission?)
Other inputs
Scenarios
A Shared Vision for the Basin
Institutional strengthening for Integrated Water Resource Management
SAP
Harmonized monitoring of Status Indicators
Demonstration of technologies and practices for IWRM and ecosystem management
Investments and other reforms based on pilots
Strategic Communication and Stakeholders involvement
